PERSONAL ITEMS TO SHOW BIG LOSS

Assessment Values Will Lose Half Million Dollars This Year, it is Estimated

AVERAGE VALUES COMPARED

Hog, Horses and Mules Fewer in Number And Assessed For Less—Automobiles Gain

Personal property assessments made this spring, on which taxes will be paid next year, fall about a half million dollars short of last year's values placed on personal property by township assessors, according to indications today, though the totals in all of the townships have not been computed by Earl F. Priest, county assessor.

The average taxable value of the items on the personal property list this year has been computed, however, and in nearly every instance the average value is less and the number assessed this year is smaller, notably corn and hogs.

The assessors listed for taxation 14,450 brood sows this year as compared to 17,585 last year. The average assessment on sows this year was \$20 and last year it was \$25.92.

There was equally as big a loss on feeding hogs, the number assessed last year being 56,938 and this year 51,757. The average assessed valuation last year was \$7.02 and this year it is \$5.03.

Implement and automobile assessments showed slight gains in average assessment values and while milk cows gained about \$2.50 a head, other cattle lost about \$2.50 a head, on the average.

Sheep showed a gain in taxable value and the number increased, but horses fell off in both value and number. Poultry averaged the same and the number on the farms March 1 was slightly lower than last year.

The assessments on household goods averaged about the same as last year.

Money and notes listed for taxation amounted to \$1,010,420 as compared with \$1,318,485 last year.

Automobiles and trucks averaged a little higher and the number increased 228.

In the few townships where the total assessments have been computed, a heavy loss is shown and this same condition exists in other townships, the loss, compared with last year, will amount to \$500,000 or more, it is estimated.

Assessment values for this year and last compared are as follows:

	1924	1923
Implements	\$207	\$196
Autos & Trucks	259	260.50
Horses	74	84.22
Mules	77	80.10
Milk cows	58	55.49
Other cattle	30	32.45

Sows	20	25.92
Other hogs	5.03	7.02
Poz. poultry	10	10.00
Household goods	248.10	248.76

The number of each item assessed this year and last follows:

	1924	1923
Implements	1407	1435
Automobiles & trucks	2729	2501
Horses	5463	5937
Mules	541	732
Milk Cows	4795	4769
Other cattle	5108	4769
Sheep	4803	4688
Sows	14456	17585
Other hogs	51757	56938

Besides the husband, she is survived by several children.

WAR MOTHERS WILL PLANT MEMORIAL TREES

Plan to Honor Memory of Twenty-Seven Rush County War Veterans in Memorial Park

WANT HELP IN MAKING LIST

The War Mothers are making arrangements to plant a tree in Memorial park, for each World War veteran who was killed in action, or who has since died, and an effort to obtain a complete list is being made.

The organization so far has the names of 27 deceased veterans, which insures that many trees to be added to the new park. A list has been tabulated, and the War Mothers would like to revise it, and make it complete.

The names that are omitted of Rush county veterans, should be sent to Mrs. John Cooning, 813 North Sexton street, giving the full name of the deceased soldier, and the place of burial.

The list of the 27 obtained by the War Mothers, is as follows: Elbert H. Cox, George Lewis Posey, Louis M. Kirkpatrick, Raymond Hamilton, Walter Gartin, William Harding, Carl Dudgeon, James Shanahan, Ross Kennedy, William Carl Jackson, Orval Green, John Conway, William Chew, John Redenbaugh, Charles E. Garrison, John W. Deerin, William F. Crawford, Fred Beal, Raymond Boring, Murray R. Dawson, Marshall Innis, Fred Kessler, Harry Mahin, Herbert Neal, Cyrus Pattison, Charles Pfaffner and Raymond B. SEES PEACE RESTORED IN THE INDIANA REALM

H. W. Evans, Imperial Wizard, Says That Insurrection Headed by Stephenson was Put Down

BOSSERT NOW GRAND DRAGON

(By United Press)

Indianapolis, Ind., May 19—Peace has been restored in the troubled Indiana realm of the Ku Klux Klan, according to an announcement made today by H. W. Evans, imperial wizard of the order.

The insurrection within the realm, headed by D. C. Stephenson, former grand dragon of Indiana, was put down at a meeting held here yesterday, Evans announced.

The insurgents were locked out of the meeting and Walter Bossert, imperial representative, was named grand dragon of the realm.

Leaders of the Stephenson faction, smarting under their treatment at the hands of national leaders, held a council of war and declared the fight to rid the Indiana Klan of "Atlanta domination" would go on. A week ago at a meeting of the outlaw Klan here, Stephenson was elected grand dragon of Indiana and a crusade to clear the invisible empire of persons who "used the order for their own personal gain" was launched.

BONUS BILL LAW DESPITE THE VETO

Senate Passes Measure Today, 59 to 26, Following Similar Action of House Saturday

ALL DEBATE DISPENSED WITH

(By United Press)

Washington, May 19—The bonus bill became a law today.

The senate overrode President Coolidge's veto by the two-thirds majority necessary. The house overrode it Saturday.

The vote came within half an hour after the bill was called up by Senator Curtis, Kansas, Republican whip, shortly after two o'clock, all debate being dispensed with.

When the bill was called up Senator Reed of Pennsylvania, anti-bonus leader, asked unanimous consent that it go over until Saturday, but Senator Ashurst, Arizona, democrat and bonus advocate, objected and forced the vote.

Crowds of house members thronged into the chamber and crowded around the wall. The galleries were filled. The vote was 59 to 26.

COOLIDGE BACK AT DESK

President Recovers From Cold That Kept Him From Work

(By United Press)

Washington, May 19—President Coolidge was so recovered from the cold that kept him from his work Saturday that he held a breakfast conference at the White House today and expected to run his work at the executive offices.

Rest and care have almost cleared the cold from his bronchial tubes where it had settled and Brigadier General Sawyer, White House physician, believed it safe for him to take up his work again.

The breakfast conference was held with seven senators whose votes on the bonus schedule in the senate today were classed as "doubtful." They were Senators Harrold, Oklahoma; Sterling, South Dakota; Cameron, Arizona; Phipps, Colorado; McKinley, Illinois; Dale, Vermont, and Keyes, New Hampshire.

CONNERSVILLE MAN MISSING

CONVENTION WILL OPEN WEDNESDAY

Senator James E. Watson Will Address Republican Delegates and Guests as Temporary Chairman

1350 ACCREDITED DELEGATES

With Gubernatorial Candidate Named, Chief Interest Centers in Platform and Ticket

(By United Press)

Indianapolis, Ind., May 19—Republican leaders of Indiana and candidates for nomination for state offices were gathering in Indianapolis today in preparation for the opening of the state convention on Wednesday morning.

Candidates were opening headquarters and starting intensive drives to line up delegates for convention, while the G. O. P. leaders were in conference over the problems to come before the convention.

United States Senator Watson was the first leader to reach Indianapolis. The first thing he did was to mail reports that he would permit his name to be endorsed by Indiana Republicans for the nomination for vice president.

Watson said he has not been and will not be a candidate.

Clyde Wall, State chairman, Postmaster, General New, and George B. Lockwood, editor of the National Republican, were due to arrive today.

One of the first problems to be settled by the leaders was a slate for the delegates at large to the Republican national convention in Cleveland.

Senator Watson and Chairman Wall are regarded as certain of a place on the delegation. Names of Governor Branch, Lockwood, Postmaster General New, Albert J. Beveridge and half a dozen others are being mentioned for the other places on the delegation.

The convention will open at 11 o'clock Wednesday morning with a heavy schedule of political oratory in store for the delegates.

Senator James E. Watson, as temporary chairman, will deliver the keynote address. Postmaster General New, Governor Branch and Albert J. Beveridge, former United States senator will address the convention.

With the candidate for governor selected in the primaries, chief interest in the convention centers in adoption of the platform selection of other candidates for the ticket, namely—

WATSON BELIEVES RALSTON WILL WIN

Indiana Senate Sees Colleague as Democratic Nominee For the Presidency

KLAN IS NOT AN ISSUE HERE

(By United Press)

Indianapolis, Ind., May 19—Senator Samuel M. Ralston will be nominated for the presidency by the Democratic party, Senator James E. Watson, here for the Republican state convention, predicted today.

"I am absolutely certain that Ralston will be nominated," Watson said. "Three fourths of the Senators in Washington are of the same opinion."

Watson declared the Ku Klux Klan will not be a political issue in the Indiana campaign, and he said the Republican state platform will not mention the hooded order.

He declared emphatically that he was not a candidate for the Republican nomination for vice-president. "I would prefer to remain in the senate."

The senator, however, did not deny he would accept the nomination for vice president if thrust upon him.

The campaign will be fought out on strictly national and state issues without injection of the Klan question, according to Watson.

Passage of the soldiers bonus bill by the senate over the President's veto was predicted.

JUSTIFIED BY EVIDENCE

Indictment of Wheeler Sustained in Minority Report

Washington, May 19—Declaring that the indictment of Senator Wheeler of Montana by a Montana grand jury was justified by the evidence, Senator Sterling, republican, South Dakota, in a minority report today backed the Borah commission which investigated it for "encroaching on the functions of the court."

Wheeler was wholly exonerated by the committee in a report last Wednesday. Sterling said he was impelled by a sense of duty under the fact to dissent from the majority and declared he would be derelict in his duties if he did not express a contrary view.

ACCOUNT SUIT DISMISSED

A complaint on an account filed recently in Justice Stech's court by Dr. R. J. Hall against James W. Travis was scheduled for trial this morning, but was dismissed by the plaintiff and the costs paid.

ARMO STORE AWNING BURNS

Carelessly Flipped Cigarette Believed to Have Started Blaze

A carelessly flipped cigarette is believed to have been responsible for a fire Sunday afternoon, when the awning in front of the Armo Bargain store, 224 North Main street, was destroyed.

The awning was on fire all over when discovered and Patrolman Smith turned in the alarm from box, 132, Main and Second streets, which summoned all of the fire apparatus. When the trucks arrived, the awning was destroyed and the frame work of the store front was blazing. Chemicals were used to put out the fire. The loss was estimated at \$20. The alarm was turned in at 2:10 in the afternoon.

DENY ANY INTENT TO SLOW STREET PAVING

I. & C. Officials Say it Was Impossible to Lay Temporary Tracks Due to Interference

NEW CROSSING IS ORDERED

Officials of the Indianapolis & Cincinnati Traction company today denied that they were intentionally delaying the paving of Morgan street and said that they would do every thing within their power to bring the improvement to early completion.

In reply to the recent allegations made by the Andrews Asphalt company, that the interurban company was hindering the work, officials stated today that the contractors had agreed to roll the street on the east side, where it had been excavated, so that the company could lay temporary tracks while the present tracks are being torn out, but had refused to when the time came. I. & C. officials also said the contractors kept their tracks covered with dirt most of the time and refused to move it.

It was also stated that Morgan street was being torn up by moving gas and water mains and making sewer changes and that a new crossing at the C. I. & W. railroad could not be obtained within 60 to 90 days. I. & C. officials said they did not wish to order the crossing until it had been determined whether single or double tracks would be used.

The new cars were placed in operation on the Greensburg division Sunday and they will be in use on this division within a week or ten days, in all probability.

WILLIAM A. ALLEN, RETIRED FARMER, DIES

Funeral Services For Well Known Rushville Man, Who Died Saturday, Are Held Today

PARALYSIS PROVES FATAL

William A. Allen, a retired farmer, and a well known citizen, died Saturday morning about eleven o'clock, at the residence, 128 West Eleventh street death resulting from a stroke of paralysis.

The deceased was a native of Franklin county, but had lived in Rush county the greater portion of his life, and was 77 years of age. He was the owner of a large farm just south of this city, but in recent years had retired, and lived here.

Several weeks ago he suffered a stroke, and had been in failing health since, and a few days ago, suffered the fatal stroke.

Besides the widow, he is survived by one son, Albert L. Allen, of this city.

Funeral services were held this afternoon at 2:30 o'clock at the late residence, in charge of the Rev. L. E. Brown, pastor of the Main Street Christian church, of which the deceased was a member. Interment was made in East Hill cemetery.

SUCCESS IS DUE TO FOUR THINGS

The Rev. L. E. Brown Draws Lesson From Convention, Urging Application of Same Principles

EXTENDING GOD'S KINGDOM

The Rev. Gibson Wilson Says The Great Trouble With us is That We Exalt Ourselves

Drawing a lesson from the success of the state convention of Christian churches, which was held here last week, the Rev. L. E. Brown, pastor of the Main Street Christian church, urged the use of the same principles in extending the kingdom of God to the ends of the earth, in his Sunday morning sermon on the subject "Participating Partners."

The Rev. Mr. Brown credited the success of the convention to four things—organization, loyalty, partnership and the spirit of the members of the church in carrying out the project.

Application of these same principles of the chief business of the church will bring the same rich rewards as the convention did, the pastor asserted.

He pointed out that nothing can be accomplished without organization and that organization is worthless without the loyalty of those who compose the organization.

These two attributes are nullified, the pastor showed, unless the workers are partners and co-operate to gain the ends desired. But the thing that crowns the enterprise, he said, is for the workers to be dominated by the spirit of Christ.

The Rev. Mr. Brown complimented highly the spirit of Christian service that actuated the other congregations of the city in assisting in entertainment of the visitors and praised the attitude of the Ladies Aid societies, who worked not on a competitive basis, but a co-operation basis, in selling tickets for meals.

First Presbyterian

The Rev. Gibson Wilson, pastor of the First Presbyterian church, preached Sunday morning on the subject "The Life That I Now Live", using as his text, Galatians 2:20, "The Life that I now live in the flesh, I live by the faith in the Son of God"

He spoke in part as follows: To any but the initiated, this text would appear to be full of opposites. Only a believer can understand such words as "I am crucified with Christ, nevertheless, I live." Again, "Yet not I but Christ liveth in me." We are more alive when the soul is alive than when it is dead and only the body is alive. One of our great troubles is that we would exalt ourselves.

Can the purpose and direction of life be changed? You pour plaster into a mould and it becomes fixed. Moulded metal soon assumes the form of the container into which it is poured. Is character once formed, unchangeable? Is there any power to overcome heredity?

Yes there is a power, Jesus in the life of his disciples changed them. Gypsy Smith and his son Pat are wonderfully different from what they were before they became Christian. Yes, there is a greater Potter who is able to take the clay and transform

BIBLE THOUGHT
—FOR TODAY—
“Eable Thoughts memorize, and will prove a priceless heritage in after years.”

The only safe trust:—Some trust in chariots and some in horses; but we will remember the name of the Lord our God. Psalm 20:7.

Prayer:—Great God, it is easy for us to trust in the things of time. Turn our hearts to thee, for thou alone art worthy to be trusted.

A Library Building

An item in the "Fifteen Years Ago" column on this page today directs our attention to the fact that it was just fifteen years ago that one of the many free library projects, which have been engineered in Rushville in the past, was killed "for the time being".

Some of the reasons that were given by the city council at that time now appear ridiculous—as they doubtless did to many people then. One of them was that the county board of commissioners had decided that the law, providing for the levying of a tax to support a public library was unconstitutional.

This is the first intimation anyone ever had that the county commissioners were clothed with authority to pass on the constitutionality of laws.

Another excuse of the council was that an expense of \$2,000 to \$3,000 a year would be incurred in supporting the library and that it would be too heavy for the taxpayers to bear. The council excused itself by saying that the revenue from saloon license would be lost, which would greatly increase taxation.

That was a favorite theme of the west of those days but we have since found that the saloon license revenue did not increase taxes. Although there are complaints now about high taxes, the complaints were just as frequent and just as loud fifteen years ago.

Repeatedly short-sighted city councils of Rushville have prevented Rushville from having a free Carnegie library and we have to be content with a library in the court house. Many years ago we could have had an ornamental and useful library building for the asking.

The Daily Republican fifteen years ago was printing pictures of public library buildings at Carthage, Shelbyville, Greensburg and other towns and cities which had outstripped us and cities which had outstripped us the opportunity ever presents itself again, so that we can get a public library building, all progressive citizens of Rushville will hope that the city council will not be so penny-wise and pound-foolish.

A Good Will Policy

The foreign policy of this government has always been one of friendly relations with all powers.

We demand security from aggression, and in doing so, harbor no ill will or selfish interests against our world neighbors.

Congress, by its rash and foolish action in tacking the Japanese exclusion clause to the immigration bill, has changed over night the feeling of friendliness that has been built up in Japan for the United States.

Congress has refused to listen to reason and will not postpone the time the exclusion clause shall take effect, though the president and secretary of state have let it be known that grave consequences may develop.

If the Japanese are refused admittance to the United States, they will regard it as an insult, because they believe their race the equal of ours.

Such a policy will do immeasurable harm to the friendship that this country has built up in the Orient, where American leadership and American ideals were just making themselves felt.

The cause of Christianity will be dealt a very severe blow if congress persists in its course.

But there is no accounting for most of the things that the congress does.

Hunt's Washington Letter

BY HARRY B. HUNT
 NEA Service Staff Writer.

WASHINGTON, D. C.—The thorn in the side of Massachusetts Republicans this year is David Ignatius Walsh, of Fitchburg.

Walsh, a Democrat, defeated John W. Weeks, former senator and now secretary of war, for the Bay State senatorship in 1918. He is an aggressive, active campaigner, popular both politically and personally, and his friends are confident he can turn the trick again this year.

This in spite of the fact that, as the home of President Coolidge, Republican standard bearer, every possible trick of the game will be used to pull Massachusetts over the top with a majority for Calvin and his congressional ticket.

WIDELY different in both physical and mental make-up are the two candidates around whom the Massachusetts battle will be waged.

Walsh is a democrat as well as a Democrat. He's a good mixer. There is a heartiness about him that makes one feel at ease. He's easy to approach, easy to meet, easy to know. There's nothing distant or stand-offish about him.

He's a big man, physically; strong-featured, smoothly shaven, weighing around 225 pounds. Fifty-two years old, his six sedentary years in the Senate have swollen his waistline but not his head. As a bachelor, he's much in demand at dinners and social affairs, where unattached males of importance are at a premium. He dances passably, but it is at the dinner table rather than on the dance floor that he shines.

SPEAKER FREDERICK GILLET, who as administration candidate will undertake to unseat Walsh and put Massachusetts safely in the Republican column again, is a trim, prim gentleman who ex-

PHILLIPS WINS FOUR FIRST

Fleet-Footed Athlete Does Well For Butler Freshmen

Herman Phillips, Rushville high school track and basketball star, who is attending Butler college, won four firsts for the Butler freshmen in their dual track meet with the Culver Military Academy track team, at Culver, Saturday afternoon, and came within a foot of winning the relay event, by his spectacular finish.

The Rushville fleet-footed star won the hundred-yard dash in 10 and 2-5 seconds. He crossed the tape first in the mile, winning it in 4:46 and he was also first in the half-mile, negotiating that distance in 2:10. The other event he won was the broad jump, the distance being 22 feet, one inch.

SUCCESS IS DUE
TO FOUR THINGS

Continued from Page One
it. Strong as is the tendency to permanency in character, there is a power that does change it.

Paul says, "I live, yet not I. Christ liveth in me." The little news boy had lost his papers and was crying. Mr. Beecher gathered the little fellow up in his arms and asked, what is the matter. The little fellow looked upon through his tears into that Christ-like face and said "Nothin', nothin' now, you'r come". If a personality so filled with the spirit of Christ can change the spirit of a fretful child, how much more can Christ himself change the spirit of man?

Yes, Christ has the power to transform the processes of your life. Jacob was so transformed that they gave him the name, Israel, "for as a prince thou hast wrestled with God and hast prevailed." The murderous Saul became the apostle Paul. John Bunyan, the blackguard, became John Bunyan the prisoner of the Lord. John B. Gough, the drunken sot, became the trumpeter of abstinence.

These men became dead to the things they once loved when Christ became alive in them. They passed from darkness to light in Christ. Jesus says, "I am the light of the world." He stands at the door of your soul knocking, that he might come in.

Also, Christ provides power and purpose to men's lives. Francis Xavier gave to the world a wonderfully radiant personality. This Apostle of Japan formed there "The Society of Jesus."

Every boy and girl knows the story of Sheridan's ride. He turned defeat into victory. So Jesus would ride into our defeated lives and by the fire of his own spirit rally our forces and turn our defeat into victory. Like the little child crying for its father's hand, so we need the handclasp of one who is stronger than we are to lead us to new and better purposes.

Our children, our friends need our encouragement now, not only when they are winning in the great game of life. We cheer them when they are passing over the goal to success, but let's cheer them in the beginning as they start upon their new purposes in life.

Washington Crew Locks Good

By HENRY L. FARRELL
(United Press Sports Editor)

New York, May 19—Another far-western triumph in the two big classics on the inter-collegiate summer program is advanced to the stage of a near certainty by the form shown in the early season preliminaries.

Stanford University will enter the intercollegiate track and field championships at Harvard as a heavy favorite and the University of Washington crew is almost conceded a victory in the inter-collegiate regatta on the Hudson at Poughkeepsie.

Rush County Federated Club News

The success of the Federation as a national body is largely due to its organization, which is perfected to a degree scarcely realized by those outside the Federation circle.

The General Federation, besides the regular officers, has a large force of department chairmen with representatives in each state. The national department of works are, American citizenship, applied education, fine arts, legislation, press and publicity, public welfare and junior membership.

It is the duty of the state presidents to put into action the machinery of each department. Each president has under her the regular state officers, district officers and the state department chairmen.

Each state department chairman has her district chairmen and these in turn appoint county chairmen whose duties are to interpret the policies of the Federation to the clubs of their county.

When one considers the wheels within wheels, it is easy to see that successful action depends largely upon individual work as a dilatory officer can easily clog the machinery in her locality.

The Indiana State Department falls under three general heads, Education, Conservation and Legislation. The Educational department, is subdivided in American citizenship, art, history, junior membership, library extension, literature, music, public schools, reciprocity and thrift. The Conservation department, is subdivided as follows: charities, child welfare, co-operation for blind, industrial and social relations, internal relations, memorial trees, mental health parks, public health and rural life.

There are no divisions in the Legislature department. Through the summer months this club column can be well used as a means for briefly reviewing the work of some of these departments in order that we may better understand the intentions of this army of organized club women throughout our state and nation.

KLAN ELEMENTS MUST BE FACED

Both Republican and Democratic Leaders Had Hopes of Avoiding The Issue in Campaign

BIG ISSUE IN INDIANA

Senator Watson Has Been Quoted as Supporting Jackson, Klan Nominee for Governor

By LAWRENCE MARTIN

(Copyright 1924 by U. P.)

Washington, May 19—The hope long cherished by leaders of both republican and Democratic parties that the Ku Klux Klan would not rise in this campaign to plague them, has been dashed and in its place has come the cert ainty that the question somehow must be met.

The republicans have been brought face to face with the issue by the Klan victory in the Indiana primary. Senator Underwood has raised it for the democrats and intends to use it in reviving a presidential candidacy which seemed about to expire.

Months ago while the 11924 presi-

dential election was in the dim future certain republican politicians got behind the fight to oust Senator Earl B. Mayfield from the senate. It was not known at that time that any investigation of Mayfield would involve the Klan in his nomination and election and that this would lead to any general investigation of the Klan in politics nationally.

The investigation now going on shows every evidence of being a Klan investigation unless present lines of

questioning are stopped summarily. Therefore, it would appear the Klan issue would be a factor in the campaign, as thought in the Mayfield case, an opportunity to get revenge in the ousting of Newberry. Now all eyes are on President Coolidge to see what position he will take in respect to Indiana Klan control in the republican organization. Senator Watson, ostensibly one of Coolidge's lieutenants, has been quoted as supporting Ed Jackson,

the Klan nominee for governor. Will the president indicate his approval of this or of the anti-Klan plank of the republican party in the Hoosier state, is the question now being asked here. That he will be allowed to evade his choice, no one here believes. Means will be found to place him on record and naturally what he says will be construed as reflecting his attitude on the Klan, not alone in Indiana but all over the country. Thus it becomes a definite factor in the campaign.

Underwood, by demanding that the democratic party go on record against the Klan, appears to some observers here to be inviting an eventually coalition with the Al Smith forces.

Obituary

Mary Lefforge, daughter of Isaac and Florinda Lefforge was born in Rush County Sept. 26, 1848. Married to James H. Martin, August 22, 1893.

She with Mr. Martin moved to the Miller farm in Richland township in the year 1901, where she and Mr. Martin lived until September 1st, 1919 when they moved to the present home in Rushville.

She was the oldest one of five children, having four brothers, namely Thomas, Jesse, Philander, and Lewis Lefforge, the first three named having preceded her in death, leaving only one youngest brother Lewis of Greenfield, Ind., together with her husband, one son Edgar Martin, three grand children, James, Eva and Katherine Martin, two nephews, Rush Lefforge of Bloomington, Ill., Roscoe of Rushville, Maude Munson of Windsor, Ill., and Nellie Stant of Greenfield, Ind., to mourn the loss of a dear one whose place no one else can fill. She had such a broad acquaintance that her friends could not be numbered always having a sunny smile and a cheery word for every one, always seeing the bright side of life. She joined the M. P. Church at old Friendship when a mere girl after-ward going into the United Brethren church, remaining there for several years or until the class was broken up, then found a church home in the M. E. church where she remained a faithful servant until her death on the afternoon of May 13, 1924.

HER PRAYER

Give me a pure heart, O Lord,
Cleanse me from every sin;
The life that I shall live in heaven,
Let me on earth begin.
Give me the perfect peace of mind,
The conscience undivided,
The spirit meek, the gentleness,
Of Christ, the holy Child.
Help me to make the pathway smooth
Where other feet must tread;
By kindness, courage, mercy, truth,
Light as from heaven shed.
Help me to be, in word and deed,
A blessing every day;
May flowers of sympathy and love
Bloom in my heart alway.
Help me to prize the love and trust
Of noble men and true;
But most of all thy confidence,
This thought each day renew.
Cause me to see the vision fair,
The home beyond the skies,
And Christ and God and those I love,
And life's immortal prize.

Rheumatism

Chiropractic Health Talk No. 66
By H. V. McCully, D. C., Ph. C.

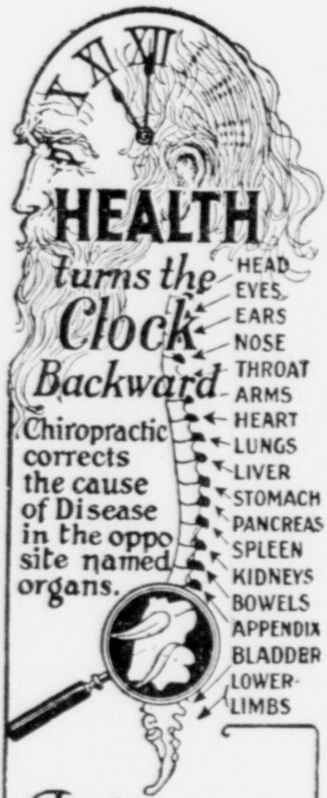

So called Rheumatism may be located in Muscles, Nerves, Joints, Membranes or Bones. There is an inflammation or excessive heat in the nerve substance, nerve sheath or the tissue supplied by the impinging nerve.

If located in the joint it is so-called Articular Rheumatism. If in the lower back muscles is so-called Lumbago. If in the muscles between the ribs is co-called Pleurodynia.

The cause of all forms of Rheumatism is due to weakened kidney action and the location is at the points of least resistance. The kidneys are weakened because of pressure on the spinal nerves which supply them.

If the arms are involved you can feel sure that there is pressure on the nerves supplying the kidneys cause and those supplying the arms (location).

We get the cause, remove the pressure, and this is why we get such quick results in all forms of Rheumatism.

The lower nerve under the magnifying glass is pinched by a misaligned joint. Pinched nerves cannot transmit healthful impulses. Chiropractic adjusting removes the pressure. The upper nerve is free as nature intends.

Ceremony of Raising Class Flags Witnessed by Largest Group Ever Present

The Western College for Women, at Oxford, Ohio, celebrated its annual spring holiday, Tree Day, on Tuesday, May 13.

The festivities began on the preceding evening with the installation of the officers of the Student Government League for 1924 and 1925. A unique lantern drill, a custom which was introduced with student government seventeen years ago, opened the program. A lantern dance, under the direction of Miss Hamblen, of the Physical Education Department, was a charming episode of the evening. Miss Marion Christian, of Dayton, the retiring president of the League, handed the torch to the new president, Miss Janette Beck, of Dayton, with the hope that the aims of the old administration might be more than realized during the coming year.

On Tuesday morning at ten o'clock the annual ceremony of raising the class flags was witnessed by the most enthusiastic group ever welcomed at Western College. This was followed by lawn dances by the freshmen, "The Village Festival" and the "Pied Piper" were given by the freshman class. Miss Ruth Wood of Muncie, Indiana, as the Pied Piper, led with the violin, Miss Jane Kendall of Huntington, W. Va., rendered a solo dance. The College entertained the many guests at luncheon in the Peabody Court.

The special feature of the day was the presentation of the Senior class play, "Smilin' Through" in the Nature Theatre which is the gift of Senator Richard P. Ernst of Kentucky.

Mr. and Mrs. C. M. George and daughter Eleanor and Rev. and Mrs. Gibson Wilson spent the day with their daughters, Miss Elsie F. George, and Miss Katherine Wilson who are.

DOES YOUR BACK ACHE?

Bad Backs Bring Suffering to Many Rushville Folks

Is that dull, constant backache, making you old and miserable? Does your back throb and ache until it seems you just can't keep going? Do you suffer headaches, dizzy spells and urinary disorders; feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness! Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's are recommended by Rushville folks.

Mrs. Gertie Sager, N. Sexton St., Rushville, says: "My back was lame and sore and when I stooped, sharp cutting pains were unbearable. It felt as though someone were piercing me with a knife. My kidneys were weak and didn't act right. I used Doan's Pills and they soon rid me of the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Sager had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Dr. J. B. Kinsinger will Attend Convention of Osteopaths at Kirksville, Mo., Week May 25

BIG PARADE IS PLANNED

Osteopaths of Indiana are planning to play a prominent part in the national convention of their profession, which will be held in Kirksville Mo., the week of May 25, according to Dr. Jos. B. Kinsinger, who will attend as a delegate from this county.

This state will be represented in the mammoth parade on May 26, when the osteopaths of every state will have floats, as well as all of the seven osteopathic colleges and many hospitals and sanatoriums.

To make the event most interesting, prizes are offered for the four homeliest osteopaths in one vehicle in the parade; four best looking osteopaths in one vehicle; state having largest number of osteopaths and osteopathic students in parade, distance from Kirksville considered; largest family of osteopathic physicians in same vehicle; oldest osteopath in number of years practice or teaching; float best exemplifying the work of A. T. Still; float best exemplifying osteopathy's growth, history or development, and several others.

Indiana has twenty-seven young people studying osteopathy in Kirksville.

WE COMBINE QUALITY, SERVICE AND VALUE

A few years ago everybody thought that they must have country butter, nothing else was fit to eat, then came the war with high prices and many folks were compelled to use oleo, and found it was really good to eat. Just now the situation is reversed, country butter is fairly plentiful but folks have become so accustomed to oleo that they do not care for butter. Until hot weather comes we will have good country butter most of the time.

PERSONAL ITEMS TO SHOW BIG LOSS

Assessment Values Will Lose Half Million Dollars This Year, it is Estimated

AVERAGE VALUES COMPARED

Hog, Horses and Mules Fewer in Number And Assessed For Less—Automobiles Gain

Personal property assessments made this spring, on which taxes will be paid next year, fall about a half million dollars short of last year's values placed on personal property by township assessors, according to indications today, though the totals in all of the townships have not been computed by Earl F. Priest, county assessor.

The average taxable value of the items on the personal property list this year has been computed, however, and in nearly every instance the average value is less and the number assessed this year is smaller, notably corn and hogs.

The assessors listed for taxation 14,456 brood sows this year as compared to 17,583 last year. The average assessment on sows this year was \$20 and last year it was \$25.92.

There was equally as big a loss on feeding hogs, the number assessed last year being 56,938 and this year 51,757. The average assessed valuation last year was \$7.02 and this year it is \$5.03.

Implements and automobiles showed slight gains in average assessment values and while milk cows gained about \$2.50 a head, other cattle lost about \$2.50 a head, on the average.

Sheep showed a gain in taxable value and the number increased, but horses fell off in both value and number. Poultry averaged the same and the number on the farms March 1 was slightly lower than last year.

The assessments on household goods averaged about the same as last year.

Money and notes listed for taxation amounted to \$1,010,420 as compared with \$1,318,485 last year.

Automobiles and trucks averaged a little higher and the number increased 228.

In the few townships where the total assessments have been compiled, a heavy loss is shown and this same condition exists in other townships, the loss, compared with last year, will amount to \$500,000 or more, it is estimated.

Assessment values for this year and last compared are as follows:

	1924	1923
Implements	\$207	\$196
Automobiles & trucks	259	260.50
Horses	74	84.22
Mules	77	80.10
Milk cows	68	55.49
Other cattle	30	32.45
Sheep	9.75	7.63
Sows	20	25.92
Other hogs	5.03	7.02
Doz. poultry	10	10.00
Household goods	248.10	248.76

The number of each item assessed this year and last follows:

	1924	1923
Implements	1407	1435
Automobiles & trucks	2729	2501
Horses	5463	5937
Mules	541	732
Milk Cows	4795	4763
Other cattle	5108	4769
Sheep	4803	4688
Sows	14456	17583
Other hogs	51757	56938
Dozen poultry	10955	11311
Household goods	4078	3990

WAR MOTHERS WILL PLANT MEMORIAL TREES

Plan to Honor Memory of Twenty-Seven Rush County War Veterans in Memorial Park

WANT HELP IN MAKING LIST

The War Mothers are making arrangements to plant a tree in Memorial park, for each World War veteran who was killed in action, or who has since died, and an effort to obtain a complete list is being made.

The organization so far has the names of 27 deceased veterans, which insures that many trees to be added to the new park. A list has been tabulated, and the War Mothers would like to revise it, and make it complete.

The names that are omitted of Rush county veterans, should be sent to Mrs. John Coaling, 813 North Sexton street, giving the full name of the deceased soldiers, and the place of burial.

The list of the 27 obtained by the War Mothers, is as follows: Elbert H. Cox, George Lewis Posey, Louis M. Kirkpatrick, Raymond Hamilton, Walter Gartin, William Harding, Carl Dudgeon, James Shanahan, Ross Kennedy, William Carl Jackson, Orval Green, John Conway, William Chew, John Redenbaugh, Charles E. SEES PEACE RESTORED IN THE INDIANA REALM

H. W. Evans, Imperial Wizard, Says That Insurrection Headed by Stephenson was Put Down

BOSSERT NOW GRAND DRAGON

(By United Press)

Indianapolis, Ind., May 19—Peace has been restored in the troubled Indiana realm of the Ku Klux Klan, according to an announcement made today by H. W. Evans, imperial wizard of the order.

The insurrection within the realm, headed by D. C. Stephenson, former grand dragon of Indiana, was put down at a meeting held here yesterday, Evans announced.

The insurgents were locked out of the meeting and Walter Bossert, imperial representative, was named grand dragon of the realm.

Leaders of the Stephenson faction, snarling under their treatment at the hands of national leaders, held a council of war and declared the fight to rid the Indiana Klan of "Atlanta domination" would go on.

A week ago at a meeting of the outlaw Klan here, Stephenson was elected grand dragon of Indiana and a crusade to clear the invisible empire of persons who "used the order for their own personal gain" was launched.

BONUS BILL LAW DESPITE THE VETO

Senate Passes Measure Today, 59 to 26, Following Similar Action of House Saturday

ALL DEBATE DISPENSED WITH

(By United Press)

Washington, May 19—The bonus bill became a law today.

The senate overrode President Coolidge's veto by the two-thirds majority necessary. The house overrode it Saturday.

The vote came within half an hour after the bill was called up by Senator Curtis, Kansas, Republican whip, shortly after two o'clock, all debate being dispensed with.

When the bill was called up Senator Reed of Pennsylvania, anti-bonus leader, asked unanimous consent that it go over until Saturday, but Senator Ashurst, Arizona, democrat and bonus advocate, objected and forced the vote.

Crowds of house members thronged into the chamber and crowded around the wall. The galleries were filled. The vote was 59 to 26.

COOLIDGE BACK AT DESK

President Recovers From Cold That Kept Him From Work

(By United Press)

Washington, May 19—President Coolidge was so recovered from the cold that kept him from his work Saturday that he held a breakfast conference at the White House today and expected to run his work at the executive offices.

Rst and cure have almost cleared the cold from his bronchial tubes where it had settled under a Brigadier General Sawyer, White House physician, believed it safe for him to take up his work again.

The breakfast conference was held with seven senators whose votes on the bonus schedule in the senate today were classed as "doubtful". They were Senators Harrold, Oklahoma; Sterling, South Dakota; Cameron, Arizona; Phipps, Colorado; McKinley, Illinois; Dale, Vermont, and Keyes, New Hampshire.

CONVENTION WILL OPEN WEDNESDAY

Senator James E. Watson Will Address Republican Delegates and Guests as Temporary Chairman

1350 ACCREDITED DELEGATES

With Gubernatorial Candidate Named, Chief Interest Centers in Platform and Ticket

(By United Press)

Indianapolis, Ind., May 19—Republican leaders of Indiana and candidates for nomination for state offices were gathering in Indianapolis today in preparation for the opening of the state convention on Wednesday morning.

Candidates were opening headquarters and starting intensive drives to line up delegates for convention, while the G. O. P. leaders were in conference over the problems to come before the convention.

United States Senator Watson was the first leader to reach Indianapolis. The first thing he did was to mail reports that he would permit his name to be endorsed by Indiana Republicans for the nomination for vice president.

Watson said he has not been and will not be a candidate.

Clyde Wall, State chairman, Postmaster General New, and George B. Lockwood, editor of the National Republican, were due to arrive today.

One of the first problems to be settled by the leaders was a slate for the delegates at large to the Republican national convention in Cleveland.

Senator Watson and Chairman Wall are regarded as certain of a place on the delegation. Names of Governor Branch, Lockwood, Postmaster General New, Albert J. Beveridge and half a dozen others are being mentioned for the other places on the delegation.

The convention will open at 11 o'clock Wednesday morning with a heavy schedule of political oratory in store for the delegates.

Senator James E. Watson, as temporary chairman, will deliver the keynote address. Postmaster General New, Governor Branch and Albert J. Beveridge, former United States senator will address the convention.

With the candidate for governor selected in the primaries, chief interest in the convention centers in adoption of the platform selection of other candidates for the ticket, namely: Continued on Page Eight

WATSON BELIEVES RALSTON WILL WIN

Indiana Senate Sees Colleague as Democratic Nominee For the Presidency

KLAN IS NOT AN ISSUE HERE

(By United Press)

Indianapolis, Ind., May 19—Senator Samuel M. Ralston will be nominated for the presidency by the Democratic party, Senator James E. Watson, here for the Republican state convention, predicted today.

"I am absolutely certain that Ralston will be nominated," Watson said. "Three fourths of the Senators in Washington are of the same opinion."

Watson declared the Ku Klux Klan will not be a political issue in the Indiana campaign, and he said the Republican state platform will not mention the hooded order.

He declared emphatically that he was not a candidate for the Republican nomination for vice-president. "I would prefer to remain in the senate."

The senator, however, did not deny he would accept the nomination for vice president if thrust upon him.

The campaign will be fought out on strictly national and state issues without injection of the Klan question, according to Watson.

Passage of the soldiers bonus bill by the senate over the President's veto was predicted.

JUSTIFIED BY EVIDENCE

Indictment of Wheeler Sustained in Minority Report

Washington, May 19—Declaring that the indictment of Senator Wheeler of Montana by a Montana grand jury was justified by the evidence, Senator Sterling, republican, South Dakota, in a minority report today blamed the Borah commission which investigated it for "encroachment on the functions of the court."

Wheeler was wholly exonerated by the committee in a report last Wednesday. Sterling said he was impelled by a sense of duty under the threat to dissent from the majority and declared he would be derelict in his duties if he did not express a contrary view.

ACCOUNT SUIT DISMISSED

ARMO STORE AWNING BURNS

Carelessly Flipped Cigarette Believed to Have Started Blaze

A carelessly flipped cigarette is believed to have been responsible for a fire Sunday afternoon, when the awning in front of the Armo Bargain store, 224 North Main street, was destroyed.

The awning was on fire all over when discovered and Patrolman Smith turned in the alarm from box, 132, Main and Second streets, which summoned all of the fire apparatus. When the trucks arrived, the awning was destroyed and the frame work of the store front was blazing. Chemicals were used to put out the fire. The loss was estimated at \$20. The alarm was turned in at 2:10 in the afternoon.

DENY ANY INTENT TO SLOW STREET PAVING

I. & C. Officials Say it Was Impossible to Lay Temporary Tracks Due to Interference

NEW CROSSING IS ORDERED

Officials of the Indianapolis & Cincinnati Traction company today denied that they were intentionally delaying the paving of Morgan street and said that they would do everything within their power to bring the improvement to early completion.

In reply to the recent allegations made by the Andrews Asphalt company, that the interurban company was hindering the work, officials stated today that the contractors had agreed to roll the street on the east side, where it had been excavated, so that the company could lay temporary tracks while the present tracks are being torn out, but had refused to when the time came. I. & C. officials also said the contractors kept their tracks covered with dirt most of the time and refused to move it.

It was also stated that Morgan street was being torn up by moving gas and water mains and making sewer changes and that a new crossing at the C. I. & W. railroad could not be obtained within 60 to 90 days. I. & C. officials said they did not wish to order the crossing until it had been determined whether single or double tracks would be used.

The new cars were placed in operation on the Greensburg division Sunday and they will be in use on this division within a week or ten days, in all probability.

WILLIAM A. ALLEN, RETIRED FARMER, DIES

Funeral Services For Well Known Rushville Man, Who Died Saturday, Are Held Today

PARALYSIS PROVES FATAL

William A. Allen, a retired farmer, and a well known citizen, died Saturday morning about eleven o'clock, at the residence, 128 West Eleventh street death resulting from a stroke of paralysis.

The deceased was a native of Franklin county, but had lived in Rush county the greater portion of his life, and was 77 years of age. He was the owner of a large farm just south of this city, but in recent years had retired, and lived here.

Several weeks ago he suffered a stroke, and had been in failing health since, and a few days ago, suffered the fatal stroke.

Besides the widow, he is survived by one son, Albert L. Allen, of this city.

Funeral services were held this afternoon at 2:30 o'clock at the late residence, in charge of the Rev. L. E. Brown, pastor of the Main Street Christian church, of which the deceased was a member. Interment was made in East Hill cemetery.

All the boys of Noble township between the ages of ten and eighteen years old, are requested to meet at the home of Walter Norris Tuesday for the purpose of organizing a Boys' Corn and Pig Club. The county agent, H. D. VanMatre, will be present and give the boys a talk.

SUCCESS IS DUE TO FOUR THINGS

The Rev. L. E. Brown Draws Lesson From Convention, Urging Application of Same Principles

EXTENDING GOD'S KINGDOM

The Rev. Gibson Wilson Says The Great Trouble With us is That we Exalt Ourselves

Drawing a lesson from the success of the state convention of Christian churches, which was held here last week, the Rev. L. E. Brown, pastor of the Main Street Christian church, urged the use of the same principles in extending the Kingdom of God to the ends of the earth, in his Sunday morning sermon on the subject "Participating Partners."

The Rev. Mr. Brown credited the success of the convention to four things—organization, loyalty, partnership and the spirit of the members of the church in carrying out the project.

Application of these same principles of the chief business of the church will bring the same rich rewards as the convention did, the pastor asserted.

He pointed out that nothing can be accomplished without organization and that organization is worthless without the loyalty of those who compose the organization.

These two attributes are nullified, the pastor showed, unless the workers are partners and co-operate to gain the ends desired. But the thing that crowns the enterprise, he said, is for the workers to be dominated by the spirit of Christ.

The Rev. Mr. Brown complimented highly the spirit of Christian service that actuated the other congregations of the city in assisting in entertainment of the visitors and praised the attitude of the Ladies Aid societies, who worked not on a competitive basis, but a co-operation basis, in selling tickets for meals.

First Presbyterian

The Rev. Gibson Wilson, pastor of the First Presbyterian church, preached Sunday morning on the subject "The Life That I Now Live," using as his text, Galatians 2:20, "The Life that I now live in the flesh, I live by the faith in the Son of God."

He spoke in part as follows: To any but the initiated, this text would appear to be full of opposites. Only a believer can understand such words as "I am crucified with Christ, nevertheless, I live." Again, "Yet not I but Christ liveth in me." We are more alive when the soul is alive than when it is dead and only the body is alive. One of our great troubles is that we would exalt ourselves.

Can the purpose and direction of life be changed? You pour plaster into a mould and it becomes fixed. Mould metal soon assumes the form of the container into which it is poured. Is character once formed, unchangeable? Is there any power to overcome heredity?

Yes there is a power. Jesus in the life of his disciples changed them. Gypsy Smith and his son Pat are wonderfully different from what they were before they became Christian. Yes, there is a greater Potter who is able to take the clay and transform.

BIBLE THOUGHT
—FOR TODAY—
Bible thought, if it will prove a
guiding light in our lives.

The only safe trust—Some trust in chariots and some in horses; but we will remember the name of the Lord our God. Psalm 20:7.
Prayer:—Great God, it is easy for us to trust in the things of time. Turn our hearts to thee, for thou alone art worthy to be trusted.

A Library Building

At the time of the "Fifteen Years Ago" column on this page today directs our attention to the fact that it was just fifteen years ago that one of the many free library projects, which have been engineered in Rushville in the past, was killed "for the time being".

Some of the reasons that were given by the city council at that time now appear ridiculous—as they doubtless did to many people then. One of them was that the county board of commissioners had decided that the law, providing for the levying of a tax to support a public library was unconstitutional.

This is the first intimation anyone ever had that the county commissioners were clothed with authority to pass on the constitutionality of laws.

Another excuse of the council was that an expense of \$2,000 to \$3,000 a year would be incurred in supporting the library and that it would be too heavy for the taxpayers to bear. The council excused itself by saying that the revenue from saloon license would be lost, which would greatly increase taxation.

That was a favorite theme of the west of those days but we have since found that the saloon license revenue did not increase taxes. Although there are complaints now about high taxes, the complaints were just as frequent and just as loud fifteen years ago.

Repeatedly short-sighted city councils of Rushville have prevented Rushville from having a free Carnegie library and we have to be content with a library in the court house. Many years ago we could have had an ornamental and useful library building for the asking.

The Daily Republican fifteen years ago was printing pictures of public library buildings at Carthage, Shelbyville, Greensburg and other towns and cities which had outstripped us and cities which had outstripped us the opportunity ever presents itself again, so that we can get a public library building, all progressive citizens of Rushville will hope that the city council will not be so penny-wise and pound-foolish.

A Good Will Policy

The foreign policy of this government has always been one of friendly relations with all powers.

We demand security from aggression, and in doing so, harbor no ill will or selfish interests against our world neighbors.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Staff Writer

WASHINGTON, D. C.—The thorn in the side of Massachusetts Republicans this year is David Ignatius Walsh, of Fitchburg.

Walsh, a Democrat, defeated John W. Weeks, former senator and now secretary of war, for the Bay State senatorship in 1918. He is an aggressive, active campaigner, popular both politically and personally, and his friends are confident he can turn the trick again this year.

This in spite of the fact that, as the home of President Coolidge, Republican standard bearer, every possible trick of the game will be used to pull Massachusetts over the top with a majority for Calvin and his congressional ticket.

WIDELY different in both physical and mental make-up are the two candidates around whom the Massachusetts battle will be waged.

Walsh is a democrat as well as a Democrat. He's a good mixer. There is a heartiness about him that makes one feel at ease. He's easy to approach, easy to meet, easy to know. There's nothing distant or stand-offish about him.

He's a big man, physically, strong-featured, smoothly shaven, weighing around 225 pounds. Fifty-two years old, his six octonary years in the Senate have swollen his waistline but not his head. As a bachelor, he's much in demand at dinners and social affairs where unattached males of importance are at a premium. He dances passably, but it is at the dinner table rather than on the dance floor that he shines.

SPEAKER FREDERICK GILBERT, who as administration candidate will undertake to unseat Walsh and put Massachusetts safely in the Republican column again, is a trim, prim gentleman who ex-

udes an atmosphere of exactitude, precision and propriety that is rather chilling to any acquaintance. Where Walsh's appearance and attitude invite acquaintance and fellowship, Gilbert's bearing and aura convey a sense of exclusiveness that is hard to penetrate. Precise in appearance, in the trim of his clipped gray beard, in the fit of his carefully tailored clothes, in the words which he speaks, in the return of a rugged Republicanism, Gilbert is precisely the sort of candidate one would expect to sweep Boston's Bay State district, the faculty precincts of Cambridge and Amherst and those sections of the state where the blue blood and ancient traditions of the state are still held in awe and reverence.

BUT in the factory districts, in the mill towns like Lawrence, Lynn, Fall River and scores of smaller centers where workers are in the majority and where New England ancestry and tradition are no longer in the ascendant, Walsh will make the greater appeal. And as a Democrat who served the state well as lieutenant governor, governor and senator, he will hold in line the full strength of the Regular Democrats of the state.

THE contest between Gilbert and Walsh brings to the front the Massachusetts penchant for selecting bachelors for high public office. Gilbert was a bachelor through more than 24 years of his service in Congress. In 1912, however, at the age of 46 he married Christine Rice Hoar of Worcester, widow of Rockwood Hoar, former congressman.

Walsh's only sweetheart is Miss Democracy. George Hadden Tinkham, of Boston, however, is the state's only bachelor congressman brave enough to announce that fact in his official biography. But then George Hadden hunts home in Africa as a pastime.

Tom Sims Says

War clouds are hovering over Europe, Asia and Africa, and the silver lining to a war cloud has never been found.

With so many men out on strike in Germany this summer the fish are going to have a hard season.

Shoe promises to be an issue in the presidential election, but they will issue more cigars than anything else.

Up to date the government seems to be three rejections ahead of the offers for Muscle Shoals.

Anything can happen now. The president of a big college says he is against prohibition.

When it rains in a country town one streets look as if someone had planted a crop in them.

The army is using gas to cure horses and can secure a natural supply from Congress.

Among the things usually forgotten at a picnic is to burn the rubbish and put out the fire before leaving.

Fat men don't stand the heat better than lean men, but they seem to sit it out better.

Many gardens are already far enough advanced to be neglected.

UNDERTAKERS WILL MEET

State Convention Gets Under Way May 20 at Michigan City

Michigan City, Ind., May 19—Five hundred morticians from throughout the state will gather here May 20 to attend the annual convention of the Indiana Funeral Directors association.

First prize will be \$30, second \$25, and to the other girls appearing in the "style parade" \$10 will be given. The "manikins" must be between the ages of 16 and 25, according to officers of the association.

A theatre party will feature one evening of the convention and a boat trip to Chicago also is scheduled.

George C. Wyatt of this city, who has served as president of the state association, and is active in the organization, is on the program at Michigan City, and will make the response to the address of welcome.

PHILLIPS WINS FOUR FIRST

Fleet-Footed Athlete Does Well For Butler Freshmen

Herman Phillips, Rushville high school track and basketball star, who is attending Butler college, won four firsts for the Butler freshmen in their dual track meet with the Calver Military Academy track team, at Culver, Saturday afternoon, and came within a foot of winning the relay event, by his spectacular finish.

The Rushville fleet-footed star won the hundred-yard dash in 10 and 2-5 seconds. He crossed the tape first in the mile, winning it in 4:46 and he was also first in the half-mile, negotiating that distance in 2:10. The other event he won was the broad jump, the distance being 22 feet, one inch.

SUCCESS IS DUE TO FOUR THINGS

Continued from Page One
it. Strong as is the tendency to permanency in character, there is a power that does change it.

Paul says, "I live, yet not I. Christ liveth in me." The little news boy had lost his papers and was crying. Mr. Beecher gathered the little fellow up in his arms and asked, what is the matter. The little fellow looked upon through his tears into that Christ-like face and said "Nothin', nothin' now, you'r come". If a personality so filled with the spirit of Christ can change the spirit of a fretful child, how much more can Christ himself change the spirit of man?

Yes, Christ has the power to transform the processes of your life. Jacob was so transformed that they gave him the name, Israel, "For as a prince thou hast wrestled with God and hast prevailed." The murderous Saul became the apostle Paul. John Bunyan, the blackguard, became John Bunyan, the prisoner of the Lord. John B. Gough, the drunken sot, became the trumpeter of abstinence.

These men became dead to the things they once loved when Christ became alive in them. They passed from darkness to light in Christ. Jesus says, "I am the light of the world." He stands at the door of your soul knocking, that he might come in.

Also, Christ provides power and purpose to men's lives. Francis Xavier gave to the world a wonderfully radiant personality. This Apostle of Japan formed there "The Society of Jesus."

Every boy and girl knows the story of Sheridan's ride. He turned defeat into victory. So Jesus would ride into our defeated lives and by the fire of his own spirit rally our forces and turn our defeat into victory. Like the little child crying for its father's hand, so we need the handclasp of one who is stronger than we are to lead us to new and better purposes.

Our children, our friends need our encouragement now, not only when they are winning in the great game of life. We cheer them when they are passing over the goal to success, but let's cheer them in the beginning as they start upon their new purposes in life.

Washington Crew Looks Good

By HENRY L. FARRELL
(United Press Sports Editor)

New York, May 19—Another far-western triumph in the two big classics on the inter-collegiate summer program is advanced to the stage of a near certainty by the form shown in the early season preliminaries. Stanford University will enter the intercollegiate track and field championships at Harvard as a heavy favorite and the University of Washington crew is almost conceded a victory in the inter-collegiate regatta on the Hudson at Poughkeepsie. Rush County Federated Club News

The success of the Federation as a national body is largely due to its organization, which is perfected to a degree scarcely realized by those outside the Federation circle.

The General Federation, besides the regular officers, has a large force of department chairmen with representatives in each state. The national department of works are, American citizenship, applied education, fine arts, legislation, press and publicity, public welfare and junior membership.

It is the duty of the state presidents to put into action the machinery of each department. Each president has under her the regular state officers, district officers and the state department chairmen.

Each state department chairman has her district chairmen and these in turn appoint county chairmen whose duties are to interpret the policies of the Federation to the clubs of their county.

When one considers the wheels within wheels, it is easy to see that successful action depends largely upon individual work as a dilatory officer can easily clog the machinery in her locality.

The Indiana State Department falls under three general heads, Education, Conservation and Legislation. The Educational department, is subdivided in American citizenship, art, history, junior membership, library extension, literature, music, public schools, reciprocity and thrift. The Conservation department, is subdivided as follows: charities, child welfare, co-operation for blind, industrial and social relations, internal relations, memorial trees, mental health parks, public health and rural life.

There are no divisions in the Legislature department.

Through the summer months this club column can be well used as a means for briefly reviewing the work of some of these departments in order that we may better understand the intentions of this army of organized club women throughout our state and nation.

KLAN ELEMENTS MUST BE FACED

Both Republican and Democratic Leaders Had Hopes of Avoiding The Issue in Campaign

BIG ISSUE IN INDIANA

Senator Watson Has Been Quoted as Supporting Jackson, Klan Nominee for Governor

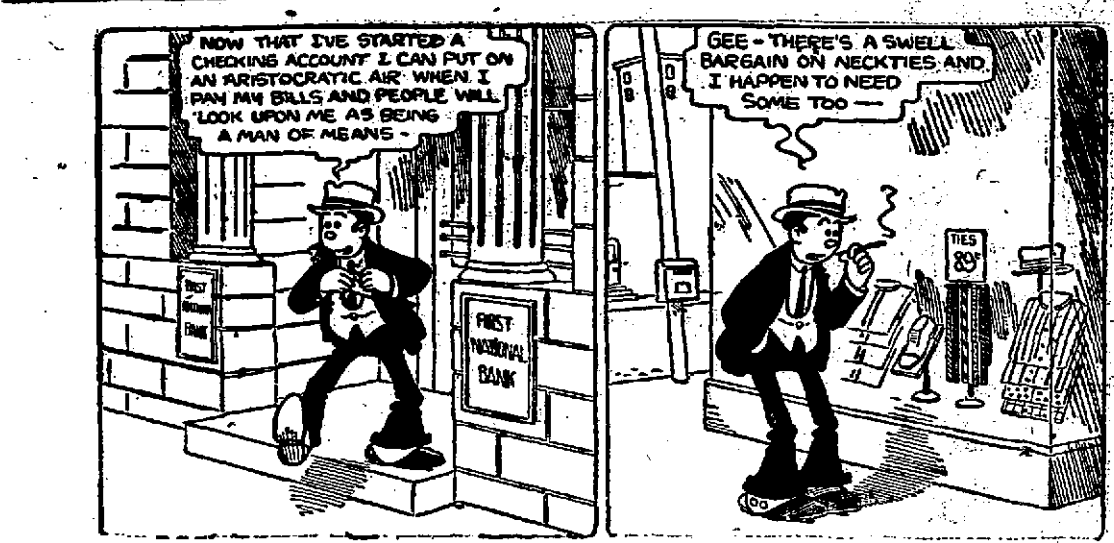

By LAWRENCE MARTIN (Copyright 1924 by U. P.)

Washington, May 19.—The hope long cherished by leaders of both republican and Democratic parties that the Ku Klux Klan would not rise in this campaign to plague them, has been dashed and in its place has come the cert ainty that the question somehow must be met.

The republicans have been brought face to face with the issue by the klan victory in the Indiana primary. Senator Underwood has raised it for the democrats and intends to use it in reviving a presidential candidacy which seemed about to expire.

Months ago while the 11924 presi-

It was not known at that time that any investigation of Mayfield would involve the klan in his nomination and election and that this would lead to any general investigation of the klan in politics nationally.

questioning are stopped summarily. Therefore, it would appear the klan issue would be a factor in the campaign, as thought in the Mayfield case, an opportunity to get revenge in the ousting of Newberry. Now all eyes are on President Coolidge to see what position he will take in respect to Indiana Klan control in the republican organization.

Will the president indicate his approval of this or of the anti-klan plank of the republican party in the Hoosier state, is the question now being asked here. That he will be allowed to evade his choice, no one here believes.

The investigation now going on shows every evidence of being a klan investigation unless present lines of

Senator Watson, ostensibly one of Coolidge's lieutenants, has been quoted as supporting Ed Jackson,

Underwood, by demanding that the democratic party go on record against the klan, appears to some observers here to be inviting an eventually coalition with the Al Smith forces.

Obituary
Mary Lefforge, daughter of Isaac and Florida Lefforge was born in Rush County Sept. 26, 1848.
Married to James H. Martin, August 22, 1893.
She with Mr. Martin moved to the Miller farm in Richland township in the year 1901, where she and Mr. Martin lived until September 1st, 1919 when they moved to the present home in Rushville.
She was the oldest one of five children, having four brothers, namely Thomas, Jesse, Philander, and Lewis Lefforge, the first three named having preceded her in death, leaving only one youngest brother Lewis of Greenfield, Ind., together with her husband, one son Edgar Martin, three grand children, James, Eva and Katherine Martin, two nephews, Rush Lefforge of Bloomington, Ill., Roscoe of Rushville, Maude Munson of Windsor, Ill., and Nellie Stant of Greenfield, Ind., to mourn the loss of a dear one whose place no one else can fill. She had such a broad acquaintance that her friends could not be numbered always having a sunny smile and a cheery word for every one, always seeing the bright side of life. She joined the M. P. Church at old Friendship when a mere girl afterward going into the United Brethren church, remaining there for several years or until the class was broken up, then found a church home in the M. E. church where she remained a faithful servant until her death on the afternoon of May 13, 1924.

HER PRAYER
Give me a pure heart, O Lord,
Cleanse me from every sin;
The life that I shall live in heaven,
Let me on earth begin.
Give me the perfect peace of mind,
The conscience undivided,
The spirit meek, the gentleness,
Of Christ, the holy Child.
Help me to make the pathway smooth
Where other feet must tread;
By kindness, courage, mercy, truth,
Light as from heaven shed.
Help me to be, in word and deed,
A blessing every day;
May flowers of sympathy and love
Bloom in my heart always.
Help me to prize the love and trust
Of noble men and true;
But most of all thy confidence,
This thought each day renew.
Cause me to see the vision fair,
The home beyond the skies;
And Christ and God and those I love,
And life's immortal prize.

Uncle Ben Says:

"If Health was put in a shop window, nephew, marked down to \$9.98, all women would have it."

After everything else failed

"I suffered some years with indigestion and inflammatory rheumatism, and swallowed every prescription of every physician a friend would advise without any permanent benefit. Finally I was advised to try Chiropractic and I was brought out of an attack in a short time, but continued longer and am now enjoying what I believe to be some permanent good health." —A. W. Carter, Chiropractic Research Bureau, Statement No. 1253 P.

Rheumatism

Chiropractic Health Talk No. 66
By H. V. McCully, D. C., Ph. C.

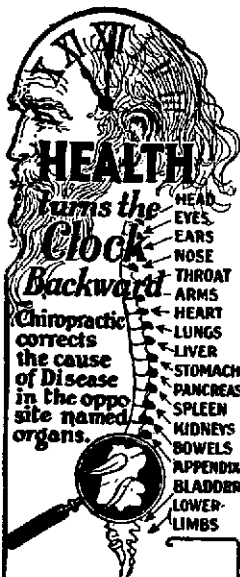

So called Rheumatism may be located in Muscles, Nerves, Joints, Membranes or Bones. There is an inflammation or excessive heat in the nerve substance, nerve sheath or the tissue supplied by the impinged nerve.

If located in the joint it is so-called Articular Rheumatism. If in the lower back muscles is so-called Lumbago. If in the muscles between the ribs is co-called Pleurodynia.

The cause of all forms of Rheumatism is due to weakened kidney action and the location is at the points of least resistance. The kidneys are weakened because of pressure on the spinal nerves which supply them.

If the arms are involved you can feel sure that there is pressure on the nerves supplying the kidneys cause and those supplying the arms (location).

We get the cause, remove the pressure, and this is why we get such quick results in all forms of Rheumatism.

The lower nerve under the magnifying glass is pinched by a misaligned joint. Pinched nerves cannot transmit healthful impulses. Chiropractic adjusting removes the pressure. The upper nerve is free as nature intends.

Ceremony of Raising Class Flags Witnessed by Largest Group Ever Present

The Western College for Women, at Oxford, Ohio, celebrated its annual spring holiday, Tree Day, on Tuesday, May 13.

The festivities began on the preceding evening with the installation of the officers of the Student Government League for 1924 and 1925. A unique lantern drill, a custom which was introduced with student government seventeen years ago, opened the program. A lantern dance, under the direction of Miss Hamblen, of the Physical Education Department, was a charming episode of the evening. Miss Marion Christian, of Dayton, the retiring president of the League, handed the torch to the new president, Miss Janette Beck, of Dayton, with the hope that the aims of the old administration might be more than realized during the coming year.

On Tuesday morning at ten o'clock the annual ceremony of raising the class flags was witnessed by the most enthusiastic group ever welcomed at Western College. This was followed by lawn dances by the freshmen. "The Village Festival" and the "Pied Piper" were given by the freshman class. Miss Ruth Wood of Muncie, Indiana, as the Pied Piper, led with the violin. Miss Jane Kendall of Huntington, W. Va., rendered a solo dance. The College entertained the many guests at luncheon in the Peabody Court.

The special feature of the day was the presentation of the Senior class play, "Smilin' Through" in the Nature Theatre which is the gift of Senator Richard P. Ernst of Kentucky.

Mr. and Mrs. C. M. George and daughter Eleanor and Rev. and Mrs. Gibson Wilson spent the day with their daughters, Miss Elsie F. George, and Miss Katherine Wilson who are

Just now the situation is reversed, country butter is fairly plentiful but folks have become so accustomed to oleo that they do not care for butter.
